After printing this label:  
**CONSIGNEE COPY - PLEASE PLACE IN FRONT OF POUCH**  
1. Fold the printed page along the horizontal line.  
2. Place label in shipping pouch and affix it to your shipment.

Use of this system constitutes your agreement to the service conditions in the current FedEx Service Guide, available on fedex.com. FedEx will not be responsible for any claim in excess of \$100 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, document your actual loss and file a timely claim. Limitations found in the current FedEx Service Guide apply. Your right to recover from FedEx for any loss, including intrinsic value of the package, loss of sales, income interest, profit, attorney's fees, costs, and other forms of damage whether direct, incidental, consequential, or special is limited to the greater of \$100 or the authorized declared value. Recovery cannot exceed actual documented loss. Maximum for items of extraordinary value is \$1,000, e.g. jewelry, precious metals, negotiable instruments and other items listed in our Service Guide. Written claims must be filed within strict time limits, see current FedEx Service Guide.

**RE:** Quarterly Status Report, Third Quarter  
2022, Charlie Burch Site, Spring, Texas  
VCP No. 421

**Activities Completed during Third Quarter 2022:**

***Groundwater Pump-and-Treat System in Source Area:***

- The Pump-and-Treat System in the Source Area remained offline to facilitate an ongoing back-diffusion/plume stability evaluation, as approved by the TCEQ in a letter dated August 17, 2021.
- Monthly Operations and Maintenance (O&M) system inspections were conducted in July, August, and September.

***Groundwater Pump-and-Treat System on the 13-Acre Tract:***

- The system remains offline to evaluate back-diffusion and plume stability, as approved by the TCEQ in a letter dated March 2, 2020.
- A Third Quarter 2022 monitoring well gauging and sampling event was completed as part of the ongoing back-diffusion/plume stability assessment.
- Monthly O&M system inspections were conducted in July, August, and September.

***Public Communications and Information Website:***

- The following project website will be updated to include the Third Quarter 2022 Progress Report: <http://charlieburchproject.com/>.

**Activities Planned during Fourth Quarter 2022:**

***Groundwater Pump-and-Treat System in Source Area:***

- The system will remain offline.

***Groundwater Pump-and-Treat System on the 13-Acre Tract:***

- The system will remain offline.

***Comprehensive Groundwater Monitoring:***

- The Fourth Quarter Groundwater Sampling and Gauging Event will be performed.
- Deployment of Passive Flux Meters at select monitoring wells in support of an ongoing back-diffusion evaluation will occur.
